# ACKNOWLEDGEMENT

**The first, we would like to express my special thanks of gratitude to my teacher <<teacher name>>, who helped us a lot in finalizing this project within the limited time frame, valuable counselling and assistance for the accomplishment of this project.**

**Secondly we would also like to thank the eProject team at Aptech Head Office, who gave us the golden opportunity to do this wonderful project about Aura Watch.**

**Thirdly, we also thank the eProject team, some of the benefits are as under:**

- Re-enforcement of skills happens in the experiential learning process.
- A mentor, ensuring that we do not get drifted, constantly guides us.
- It gives us a lot of confidence to face an interview as we have worked on a project. We can explain virtually everything on the subject we have learnt.

# **SYNOPSIS**

**Follow the strong development of the internet, technology watches and the growing watch market, every business needs a website design to display products on the internet.**

**The Handicraft sector is highly creative sector and produces large variety of crafts products. This industry is localized segment of the domestic and international market. In Pakistan the production of craft products are done on both large and small scale. Because of low capital investment people can start their business on small scale. Through this flexibility the demand and supply can be managed.**

**The following Handicraft product are designed with many different designs, suitable for all categories and preferences, which are the most special suggestions from handicraft.**

**So handicraft shares the best product images through the website for everyone to know our products.**

**However, purchases are not made directly on the website, we are working on it .**
